

After-sales service

- Before you call the after-sales service, please make sure that you cannot remedy the fault yourself → *Operating instructions*; What to do if...
- You will be charged if a technician is called out, even during the warranty period.
- You can find your nearest after-sales service in the enclosed list. Please give the after-sales service the product number (E no.) and the production number (FD) of the appliance.

E-Nr. _____ FD _____

Product number Production number

You will find the identification plate containing this information on the frame of the loading door when the door is open, and in the thickly-bordered area of the rating plate on the back of the appliance.

- Please help us to avoid unnecessary call-outs by quoting the product and production numbers. This will also save you the associated additional costs.

Aqua-Stop warranty *only for appliances with Aqua-Stop*

In addition to warranty claims against the vendor from the purchase agreement and to our appliance warranty, we will pay damages under the following conditions:

1. If a fault in our Aqua-Stop system causes water damage, we will reimburse damages caused to private customers.
2. The liability guarantee is valid for the service life of the appliance.
3. It is a prerequisite of all warranty claims that the appliance with Aqua-Stop must have been set up and connected correctly in accordance with our instructions; this also includes a correctly fitted Aqua-Stop extension (original accessories).
Our warranty goes not cover defective power cables or fittings between the Aqua-Stop connection and the tap.
4. Appliances with Aqua-Stop do not need to be supervised during operation, nor secured afterwards by turning off the tap.
The tap only needs to be turned off if you are away from home for a long period, e.g. for several weeks' holiday.
